

HUNDREDS PAY TRIBUTE TO MSGR. FLAHERTY AT DINNER

At one of the largest gatherings ever held in honor of an Arlington clergyman, hundreds of parishioners and friends of all denominations paid glowing tribute to the Right Reverend Monsignor Matthew J. Flaherty, L.L.D., pastor of St. Agnes church, on Wednesday evening, June 22nd, at a testimonial dinner held at the Copley Plaza Hotel in Boston.

The large banquet hall was filled with public officials of town, state and nation, clergymen of all denominations and friends from all parts of New England, who included Secretary of Labor Maurice J. Tobin, Right Rev. Walter J. Furlong, chancellor of the Archdiocese, members of the Arlington Board of Selectmen, Town Clerk James J.

Golden, Chief of Police Archie F. Bullock, and the heads of parochial organizations.

The principal speaker at the banquet was Most Reverend Richard J. Cushing, D.D., archbishop of Boston, who complimented the guest of honor on his long years of distinguished service in the priesthood, which had won for him the affection and admiration of thousands of parishioners and laymen throughout New England.

The music was furnished by a string ensemble of Boston Symphony players, with guest artist, Jessica Dragonette, famous singer of concert stage and radio, who delighted the audience with her rendition of a selected group of

songs especially chosen for the occasion.

Responding graciously to the many expressions of affection and goodwill, Monsignor Flaherty expressed his deep appreciation of the honors conferred upon him and emphasized the great need in these days of national unrest and indecision, for the spiritual uplift and peace which comes only through consecrated devotion to God's will and unselfish service to our brother man. The many friends and associates of the Monsignor united in wishing for him many more years of distinguished service in his consecrated field of pastor, teacher and leader.

'Final Report Dinner' Symmes Hospital Building Fund Marks Official Wind-Up Of Campaign

Ch'm. Golden Extends Time So All May Aid In Reaching Goal

Ultimate success--within a year or less--was predicted for the Symmes Arlington Hospital's \$300,000 building fund by Ernest W. Davis, program chairman, last Thursday when the general public campaign closed with 1,930 subscriptions totaling \$34,207, bringing the fund's grand total to \$178,424, about 60 percent of the objective.

More than 200 team members heard Mr. Davis express his deep satisfaction at the assurance of special committee chairman that their work would be carried on until all outstanding assignments had been fulfilled. The closing dinner of the campaign was held in Robbins Memorial Town Hall.

The chairman was confident as he told the group that "ultimately, perhaps in six months or a year, we're going to hit that goal. In the meantime, we can congratulate ourselves on our accomplishments to date. We raised more money than has ever been raised before for any purpose, either in Lexington or in Arlington."

He went on to assert that the money raised was not the hospital's only gain. "This money is important," he admitted, "but far more important are the friends we have won for the hospital in this campaign. While it was going on, I kept hearing about town of the increased confidence felt in the hospital and the improved public relations. These are some of the benefits gained."

Mr. Davis noted that a similar undertaking for expansion of the hospital in Winchester required about three years to complete and he observed that the present grand total of the fund in Arlington reflects greater progress than was made during the first few months of the campaign in Winchester.

In any event, the new four-story wing at Symmes Hospital is practically completed and will be opened according to schedule, the chairman announced. "The contractors assure us that they will be out by the middle of July," he reorted, "and the wing should be opened for use by mid August." The people of Arlington and Lexington will be invited to inspect the enlarged hospital plant, he said.

At the closing dinner, teams representing the two towns reported 911 new subscriptions amounting to \$12,764.

Other components of the fund were: 110 Memorial gifts, \$96,937, including 65 for \$47,407 by members of the medical profession; 294 special gifts, \$35,348; and 64 business and mercantile contributions, \$11,932.

An analysis of Arlington's grand total in the public campaign, 1,603 subscriptions for \$29,039, showed that 70 per cent of the money was obtained by women's teams, and for this Mrs. Stanley R. Kingman, women's chairman, received a special tribute from Town Clerk James J. Golden, Arlington chairman.

The women's teams reported 1,251 subscriptions amounting to \$20,360, while the men, under the leadership of Joseph H. Gaudet, had 351 for \$8,674.

CHIEF BULLOCK ANNOUNCES INTENSIVE TRAFFIC SAFETY CAMPAIGN FOR HOLIDAYS

Police Chief Archie F. Bullock, of Arlington, announced today that an intensive traffic safety program will be conducted in connection with the three day Fourth of July holiday celebration this year.

"Our enforcement program over the Fourth of July will bring Arlington into a united effort by cities and towns throughout the nation to hold down the high holiday death toll which usually occurs over the Independence Day celebration," he said.

"The police department urges everybody to take special precautions in an effort to save both the lives and property over the Fourth. It will be a time of real hazard because of the long week end, the festive spirit of the holiday and heavy holiday traffic."

Chief Bullock emphasized that motor travel will increase during the Fourth of July celebration because the three day week end will tempt many summer vacationists to use it as the beginning or end of

their regular vacation periods. The national figures already show a substantial rise in vehicle mileage so far this year.

"Let's all work together to make certain that death and disaster do not mar the holiday celebration of anybody in Arlington," Chief Bullock said. "The Fourth of July should be a joyful and safe celebration of our nation's independence, and it can be--if everybody remembers to try and make it so."

dent suffered by the child. This last operation of skin grafting is one of a series of grafting operations performed, during her period of recovery from burns, and it is hoped that the results will be satisfactory. Although practically encased in bandages following her ordeal, little Monica was thrilled to receive a visit on Tuesday from her friends Sergeant Toomey and Officer Roche, of the Arlington police department.

"Vacation Days"

Vacation days bring added hazards to life and limb. To care-free sojourning in country houses, by lakesides and ocean, over mountain trail and beside tranquil meadows, we must add the deplorable hazards of injury and often death.

Such accidents are the result of carelessness on the part of humans, usually. Following close upon the mounting list of automobile and highway catastrophes, is the hazard of fire, ever present, at home and abroad.

In line with the summer fire prevention campaign now being stressed by fire departments all over New England's famed vacation land, Chief Richard J. Tierney, of the Arlington fire department, adds a few timely hints for the prevention of disaster and loss of life and limb.

Nine out of every ten fires, he states, are preventable. The best way to prevent such fires happening to you, says Chief Tierney, is to get rid of all accumulations of combustible materials which have gathered during the past months and now reside in some obscure corner of attic or cellar a constant menace by day or night. Now is the time, also Chief Tierney, warns, to repair any defects which may exist in your heating plant, in electrical equipment in the home, in chimneys or flues.

Another source of hazard is the habit of many women of using inflammable cleansing fluids, some of which are purchased in gallon lots. Thoughtlessness in the use of such highly inflammable material in the proximity of stove or gas range, or in the same room where any kind of fire may be burning, is the cause of many fatalities. If you must use such materials, be sure that the work is done out in the open and far removed from any fire.

Oil burners, too, should be taken apart, cleaned and replaced, re-adjusted for later use. This work should be done, however, only by those experienced in the work. Countless fires are caused by mal-adjustment of oil burners.

Chief Tierney urges that all residents who plan vacations away from home, take precautions to see that all fire hazards be reduced to the minimum.

OUTDOOR CONCERT

DRAWS LARGE CROWD

The second concert in a series of three band concerts was held on Sunday afternoon, June 19, at Menotomy Rocks Park, off Jason St., at three o'clock. The great natural beauty of the park proved a beautiful background for the concert which was greatly enjoyed by the large audience assembled. The music was provided by the Arlington Academy of Music, under the direction of Frank Ward. The band made a fine appearance in the maroon jackets recently purchased by the PTA of the Academy.

Arlington Red Cross Holds Annual Meeting

The annual meeting of the Arlington Branch of the American Red Cross was held in the Robbins Library Hall Tuesday night, May 31, with the chairman, Mrs. Herbert W. Reed, presiding.

After the invocation given by Rev. John Nicol Mark, Mrs. Reed graciously welcomed the members and told of a busy and successful year, giving a few examples of the many needs Red Cross has met.

A resume of the reports read and accepted follows:

Mr. John E. McAvoy, chairman of the Red Cross Fund Drive, stated the people of Arlington had responded most generously to the annual appeal and had oversubscribed the amount asked. He expressed his appreciation of the splendid work done by Miss Isabel Hall.

Mrs. Raymond S. Morrill, chairman of Junior Red Cross, stated the pupils in the Arlington Public Schools had subscribed \$354.31 to the drive and had filled and sent to foreign children 195 gift boxes, from which sewing had been done in the High School classes and a number of scrap books and soft toys made by pupils in the Hardy and Pierce schools. She introduced Anthony Pattan, a high school student, who is to be a delegate to Atlantic City this month. He gave a very interesting and enthusiastic account of his experiences in the Junior Red Cross work.

Mrs. Frank Pespisa, unit chairman of the Arts and Skills Service at the U. S. Veterans Hospital at Bedford, told us of the new work Arlington ladies are doing in this service. Mrs. James D. Inglis, Mrs. George Meyers, Mrs. Paul F. Ross and Mrs. Pespisa instruct in a large hop which is opened three times a week to an average of fifteen patients a day. Other volunteers, Mrs. Portis Bosfield, Mrs. Leon Garfield and Mrs. Sherman Darby have joined the Disaster Service at the Murphy General Hospital at Waltham.

Mrs. P. Harmon Spiers, chairman of Canteen, reported the serving of coffee, tea and crackers at the two visits of the Bloodmobile, but of especial interest was the supplying of refreshments to the people on the pier when the displaced persons boat came to Boston.

ton one cold March morning and the ladies from Arlington helped serve 2500 persons.

Mr. T. H. Callahan, chairman first aid, reported classes taught at the high school and at St. Annes school with a total of 116 certificates awarded, William Lower and Alfred Spittall acting as instructors.

Mrs. Edward L. Glidden, chairman of the Motor Corps, reported 672 errands accomplished; 345 patients transported to the Mass. General Hospital, Children's Hospital and the School for Crippled Children; at least three times a week they have been called to supply blood for the Symmes Hospital which necessitated a trip to the laboratory in Jamaica Plain. Mileage approximately 8,373 miles with 655 hours of drivers' time. Mrs. Harold E. Lafayette was commended for her driving in the early morning hours.

Dr. Richard J. Moran, chairman of Blood Donor Drive, reported 84 pints of blood received April 4th and 5th.

Miss Edith N. Winn, chairman of Nurses' Aides, reported 13 aides gave service either at the Bloodmobile or at the Symmes Hospital.

The work of the Production Corp continues with four groups participating: the Morningside group, the Kittredge Group, the Woman's Social Alliance (Unitarian) and the First Baptist Church Group. They have completed a total of 8906 sewn articles; 40,673 sponges and 182 knitted articles.

Mrs. Doris Pierce, nutritionist, reported a very busy year. Students have been consulted, nutrition classes have been held for Girl Scouts, chef classes have been conducted for the boys. Individual family cases have been handled for the Visiting Nursing Association, the Arlington Social Service League, and some for the school nurses. Mrs. J. Philip Bower, chairman, reported with regret that this Nutrition Program started in 1940 must now come to an end, and hopes this project which benefits undernourished children and gives valuable advice to the mothers, may be resumed in the near future.

Officers and directors for the coming year were elected as follows:

Chairman, Mrs. Herbert W. Reed

HOME FROM HOSPITAL

The many friends of Mr. Elwood Holt, of 9 Mill street, Arlington, will be glad to know that he has returned home, following his confinement for several weeks in a hospital. He suffered severe burns when his tractor burst into flames while he was working on a project in Waltham.

(Continued from page one)

HOSPITAL...

On the distaff side, team honors in Arlington went to Mrs. H. A. McGovern's contingent, with \$1,926 in 66 contributions. The highest men's team, composed of Elks members captained by William B. Houser, turned in 40 subscriptions for \$2,653.

Included in the public campaign total were 56 subscriptions by Arlington firemen for \$455 altogether. The town firemen were organized as a group in the campaign under the leadership of Captain Robert Mahoney.

In Lexington, where David L. Peirce was town chairman, 328 residents subscribed a total of \$5,168 in the course of the campaign. The women's division, led by Mrs. Harold Lombard, accounted for 257 subscriptions totaling \$3,457 and men with Lee Tarbox as chairman, 71 for \$1,711.

Both Mr. Golden and Mr. Peirce pledged their services in a continuing effort to realize the objective of the fund, the latter remarking that Lexington teams have laid the groundwork in that town for "an increasing feeling of responsibility toward the Symmes Hospital."

Reviewing highlights of the campaign, Mr. Davis mentioned as particularly impressive the 65 contributions by staff doctors for a total of \$47,407, representing about 21.5 percent of the present standing of the fund; the hospital employees' oversubscription of their original \$2,100 goal by \$744; and the results of the nurses' solicitation, 86 gifts for \$5,072.

Others taking part in the proceedings last Thursday night were Roscoe O. Elliott, chairman of the memorial gifts committee; Walter T. Chamberlain, chairman of the special gifts committee; and Maurice L. Hatch, chairman of the business and mercantile committee. Seated with them were Mrs. Roscoe O. Elliott and Mrs. Arthur J. Mansfield, associate chairmen, respectively, of the memorial gifts and special gifts committees. E. Vernon Rich, administrator of the hospital and the Rev. Robert M. Rice of the Universalist Church, who gave the invocation.

Eventual realization of the \$300,000 fund will help to meet the cost of the new four-story wing, with its 39 additional beds for adult and child patients and its 29 new bassinets. The hospital's capacity will be increased thereby to 98 beds and 41 bassinets. Greater obstetrical, surgical, dietary and administrative facilities also are being established.

Tel. And Tel. Company Begins New Dial Service

Telephone operators in 18 New England cities on June 18 started dialing calls to Metropolitan Boston and Lynn, with the placing in service of the first unit of equipment in the new dial-operated long distance center the New England Telephone and Telegraph Company is establishing at 185 Franklin St., Boston.

Later, in July and August, six more cities will be connected to the new unit, which is designed especially to switch calls from cities with a heavy volume of traffic to the Boston-Lynn area.

To be connected tomorrow are Portland, Me., Manchester, N. H., Providence, R. I., Hartford, Conn., and the following cities in Massachusetts: Ayer, Concord, Fall River, Framingham, Salem, Taunton and Walpole. In addition Newark, N.J., will be connected.

Scheduled for connection to the new switching unit in July are White River Junction, Vt., and Haverhill, Mass. They will be followed in August by Fitchburg, Springfield and Worcester, Mass. New York City will also be connected. At a still later date in the year, Falmouth, Brockton and Dover, Mass., will be added.

With the exception of Dover, all of these places are toll centers—handling long distance calls for neighboring exchanges as well as for the toll center exchanges themselves. Counting these other exchanges, more than 200 New England exchanges are included in the new arrangement for the dialing of calls to Boston and Lynn.

The dial method of operating means speedier connections from the time a toll center operator is given the number wanted. She will simply plug in on one of her Boston circuits and then dial the called number in the same way as a telephone subscriber in the Boston-Lynn area does now in calling another telephone in that area.

In Framingham, Hartford, Fall River, Lowell, New Bedford, Springfield and Worcester, operators for some time have been dialing calls outside New England through connections with key dial-switching centers in New York and Philadelphia, such as the new center in Boston will become in the late fall of this year. At that time, inter-city dialing by operators will spread to more cities throughout New England.

Irving, 99 Thorndike Street, on Saturday, June 18, celebrated their twentieth wedding anniversary at their home surrounded by their family and friends who gathered to pay tribute to the occasion. Mr. and Mrs. Irving have resided in Arlington for the past twenty years. He is a member of Post 36, American Legion.

Arlington To Conduct Canvass Of Town For Children's Medical Drive

With the Children's Medical Center \$11,500,000 building fund drive rolling in high gear throughout Massachusetts, Michael A. Fredo, of 9 Webster Street, Arlington, ex-Assistant Attorney General and former Trustee of the Massachusetts General Hospital, local chairman for the Town of Arlington announced today that active canvassing of this community will be intensified with rallies and meetings.

"Our committee is bending every effort to put Arlington over the top in the drive to expand the Children's Hospital of Boston," said Chairman Fredo.

A general committee meeting is being held at the Hearing Room of the Robbins Memorial Town Hall in Arlington on Thursday evening at 8 p.m.

"Because the Children's Hospital for 80 years has provided the finest in pediatric medicine for children, its problems and needs have become a community responsibility," continued Mr. Fredo. "We who are devoting our time to raising funds for this worthy cause know the urgency for expanding the hospital into a great, modern Children's Medical Center."

Chairman Fredo pointed out that no major addition or improvements have been made to the present Children's Hospital plant since it was built 36 years ago, although demands for its services have multiplied during those years.

"With only 345 beds available for all services, the Children's Hospital last year alone admitted 9,640 bed patients," cited Chairman Fredo. "In addition, 56,231 outpatient visits were handled during the same period. Such multiplying demands result in long waiting lists delaying immediate admission of all but emergency cases, due to the limited facilities at hand."

Chairman Fredo went on to explain that the urgent needs of the hospital will be met through its expansion as a Children's Medical Center, where the number of beds will be doubled and ample research facilities provided.

"The proposed 12-story Medical Center building will relieve present overcrowded conditions at Children's Hospital and assure parents of the immediate admission of

their sick children," he added.

Hospital authorities point out—that their institution serves the entire world, through the teaching of medical personnel and the providing of expert medical advice to doctors everywhere. Between 1946 and 1948, the Department of Pathology provided consultative advice to doctors and hospitals in 18 foreign countries and 41 states.

The records of the Children's Hospital, however, show that nine tenths of its patients come from Massachusetts, so that the greatest benefits from its expansion are derived by families living in Massachusetts, according to campaign sponsors.

During the last six years nearly 700 Arlington children have been treated at the Children's Hospital, which is an average of over 115 children per year—it might be your child or mine.

Chairman Fredo urged everyone in Arlington to give generously to the Children's Medical Center Building Fund so that the objective of this community in the overall drive can be met.

For further information, communicate with Mr. Fredo at 9 Webster Street, Arlington. Telephone: ARlington 5-4871.

ARLINGTON RESERVOIR BEACH IS RESTRICTED

The Board of Park Commissioners, in Arlington, at their regular meeting on June 20, voted unanimously to restrict Reservoir Beach in Arlington Heights to residents of the town.

Residents of the town of Arlington will be issued identification cards beginning next Monday morning, June 27th, 1949, at the beach only.

Non residents of Arlington will be refused admission to the beach area as of Monday, June 27th, '49.

Red Cross Swimming Classes Open To All

Alexander Houston, director of the Water Safety Service of the Boston Metropolitan Chapter of the Red Cross says, "Knowledge and skill in swimming and water sports are the things which tend to eliminate danger. Skill in aquatics is acquired through instruction and practice; knowledge is gained by means of instruction and experience. There is no end to the achievement of either."

Recreation, in and on the water, has appeal for all, young and old. In swimming, canoeing, rowing and complete enjoyment, but the one gloomy note in this otherwise bright sport is the fact that on an average of 7,500 persons a year lose their lives by drowning. This fails to discourage many who take an untold number of chances in the water.

"Swimming skill is the primary factor in water safety whether in or on the water and the Boston Red Cross offers a Water Safety program that includes all age-groups," said Houston.

There is the course for beginners which enables them to pass the following test: (1) jump into deep water, swim 15 yards, turn about and swim back to the starting point. (2) dive into deep water, swim 15 yards, turn around, turn over on the back and rest in floating position for 14 minutes; then turn again and swim back to starting point. Then there are courses for intermediate swimmers and swimmers, all requiring tests qualifying them for American National Red Cross certificates.

For swimmers who have passed the preliminary swimming tests, courses are offered for junior and senior life saving. Advanced swimmers and instructors.

With the swimming season opening a little earlier than usual this year due to the ideal summer weather, Alexander Houston warns, "Avoid long swims after a season of inactivity; train gradually. Don't swim alone. Every swimmer needs a water buddy to help him or give alarm in case of accident."

Courses in Water Safety are now being scheduled by the Boston Metropolitan Chapter of Red Cross. Call KENmore 6-6226 for further information.

BANS DUMPING BY ARLINGTON

More than forty residents of the Lexington street section of Burlington stormed the Burlington Board of Selectmen meeting at the Burlington town hall on Tuesday and forced the board to rescind the action in permitting the town of Arlington to dump its refuse in an unused gravel pit in the old Blanchard estate.

Led by James Day, of Lexington street, the Burlington residents

called the dumping "unsanitary," a "health menace," and stated that the value of their property would be reduced one hundred per cent if the dumping was continued.

The town of Arlington was granted permission by the Board of Selectmen a week ago to use the dump, and it was agreed that the town would pay \$4000 a year for dumping privileges. They started dumping on Monday.

GALA IRISH FIELD DAY FOR SEMINARY FUND

On Sunday, June 26th, the most thrilling Irish Field Day ever carded in the history of the Irish games in Boston will be on display at the Brookline Town Field, beginning at 1:30 p.m. This is the Second Annual Irish Field Day sponsored by the Gaelic Athletic Association of Boston with all its affiliated clubs in aid of Archbishop Cushing's Program. And this year, all the proceeds are going to a cause very close to the hearts of all Irish men, towards the erection of a new Minor Seminary in Jamaica Plain for the education of priests.

Heading up the list of stellar attractions is the re-match of the New England Championship team of Galway with the Hartford Football team. The last meeting of the two teams produced a brand of football which was the most thrilling ever seen in Boston. The team from Hartford with a very large delegation of cheering supporters is coming down to see if it can even the score with the Championship Galway team.

Another headliner in this all-star program is the clash between

Cork and Kerry. Both teams are at their peak. This means a game of football with all the thrilling excitement which has always been produced by these two clubs on the playing field.

In order to open with a bang the two outstanding Junior teams of St. Columbkille's and Erin Hope—have been matched up.

These teams have not met upon the field this year. Each one is anxious to have a decision which will prove its superiority on this occasion.

There will be other sporting events which will be announced later to make it a perfect day for the Irish at Brookline Town Field on June 26th.

In charge of the program is Rev. Gerald L. Bucke, chaplain of the GAA of Massachusetts, assisted by John Walsh, Billy Howe, Patrick Walsh, Paul Sheehan, John Curley, Mike Hurley, Tom Shields, Marty Geoghan and delegates from the Young Irelands, the Galway Hurling Club, the Kerry, Cork, Galway, St. Columbkille and Worcester teams.

Eight And Forty Club To Meet June 27 At Camb.

A regular meeting of Middlesex Salon No. 161, Eight and Forty Club, will be held on Monday, June 27, in Cambridge.

A regular meeting was held on Monday evening, May 23, in the Legion Headquarters, Green street, Cambridge. Petit Chapeau, Bertha Connor, of Arlington, presided. Reports were given from the annual March Departmental Chapeau—Miss Genevieve Bucher, of Waltham, was present.

Hoboes Help To Strike Out Cancer

The Arlington Hoboes, members of the Arlington Boys' Club Alumni, played a Jimmy Fund game Tuesday night, June 14, at 6:15.

As usual the Hoboes will have a top flight team for competition. Last year the team won 23 and lost only four. During the latter innings of a game if the Hoboes are leading they put on a demonstration of trick base running and

baseball played backwards. It is the excellent baseball combined—with smartly executed clowning in the late innings that has made the Arlington Hoboes such a favorite in Arlington and neighboring towns and cities.

Mr. Gordon Wier local umpire, has donated his services for the benefit game.

ELEVEN CHURCHES HOLD JOINT SESSION

The Arlington Council of churches which embraces the eleven churches of the Protestant denomination, held its first annual session on Monday evening, June 13th, at 8 o'clock, in the Pleasant Street Congregational church. The Rev. Halsey I. Andrews, rector of St. John's Episcopal church, presided.

SERVICES FOR MISS SIMPSON

Miss Mary E. Simpson, 84, for thirty years a resident of this town, passed away on Monday at her home, 24 Mystic Lake Drive, Arlington. Funeral services will be held on Thursday morning from the Cox funeral home, 1 Appleton St., Arlington, at eight o'clock in St. Agnes church, Arlington. Burial was in Mount Pleasant Cemetery, Arlington.

Services Held For
William J. Leahy

The funeral of William J. Leahy, formerly a policeman in the Town of Arlington, took place from his late home, 5 Park Street, Arlington, on Wednesday morning, June, with a solemn high mass of requiem at 10 o'clock in St. Agnes Church, Arlington.

Mr. Leahy, a resident of Arlington for the past 48 years, was born in Cambridge on March 14, 1875, went to Ireland at the age of three, remaining there until his eighth year and then returned to Cambridge before moving to this Town.

His wife, the late Mary Clary, died in 1928. He is survived by his sons, The Reverend Joseph W. Leahy of St. Patrick's church, in Watertown; the Reverend Daniel F. Leahy, of St. Peter's church, in Cambridge; Thomas C. of Quincy, and Charles B. of Charlestown; one daughter, Mary C. Donovan of Arlington with whom he had made his home and also nine grandchildren.

Besides his service as a police officer here, Mr. Leahy was employed at the Boston Woven Hose Co., of Cambridge, the Plymouth Rubber Co., of Canton, at which places he acted as superintendent of the reclaiming departments. He retired in 1936.

The celebrant of the Mass was his son, Rev. Joseph W. Leahy. The Rev. Daniel F. Leahy was deacon and the Rev. Francis McLaughlin of St. Joseph's Church, Medford, as subdeacon. The Rev. John Leonard of St. Benedict's Church, in Somerville, was subdeacon. The thurifer was Francis Donovan, and the acolytes William and James Donovan, grandchildren of the deceased.

The Most Reverend Leo Nelligan, D. D., of Ontario, Canada, presided and with him in the sanctuary were Rt. Rev. John A. Degan of Beverly and Rt. Rev. John B. Condon, of Medford.

Rt. Reverend Matthew J. Flaherty, of Arlington, Rev. Michael J. Houlihan, of Watertown, and Rev. John Linnehan, of Lynnfield, acted as chaplains to the Bishop Nelligan.

CHIEF BULLOCK OFFERS TIPS
FOR YOUTHFUL DRIVERS

Chief Archie F. Bullock, in co-operation with the Mass. Safety Council in asking parents to use special precaution in loaning the family car to "Junior."

Youthful drivers in return for permission to use "Dad's" car should abide by certain rules to which obedience will help prevent accidents and thus improve the safety standing of the "teen age" driver.

If the youth is of legal driving age he or she should promise his parents that he will strictly comply with the following rules:

1. Knowing my parents may be held responsible for my acts in using the car, I will try to drive it carefully and cautiously at all times.

2. I will not permit the car, when it is in my keeping, to be driven by any person who has been drinking any form of intoxicating liquor.

3. I fully realize that the car is

not a plaything but a machine which has power to kill and to injure and I will not try to show-off with it.

4. I will not drive at any time in excess of the legal speed limit on my street or highway.

5. I will slow down and look both ways at all intersections, even though I may have the right of way.

6. I will not race with other cars, regardless of how much I might be tempted to do so.

7. I will not attempt to drive if I feel sleepy.

8. I will obey all signs, road markers, signal lights, and other traffic regulations and will not pass other vehicles on hills, curves or at intersections.

If your young son or daughter does not wish to comply with these rules, he should be denied the right to drive the family car, says Chief Bullock.

Officer Femia Warns Not
To Skip Pets On Vacation

Dog Officer Samuel F. Femia, has issued an appeal to all Arlington residents who are planning to go on vacations and own pets, to make advance provisions for taking the latter along, or for their keep while the family is away.

Animals, Officer Femia points out, have an uncanny way of sensing in advance any disruption of their own ordinary routine. They often leave home or hide and can

not be found when the family finally gets packed and ready to move to the country. Frequently, therefore, the pets find themselves left behind, which proves to their discomfort and oftentimes a nuisance to the neighbors.

Contrary to general belief, Officer Femia points out, cats, dogs and other domesticated animals are not equipped to take care of themselves, but must depend upon the kindness of man.
